Lighting

Slimline Light

Light with On/Off Switch

Light with Motion Sensor

FEATURES

- Compact design
- Integrated receptacle
- Energy-saving lamp
- On/Off switch or Motion Sensor

APPLICATION

The Slimline Light was designed to fit in tight spaces in enclosures. It features an integrated receptacle, so that electrical devices (e.g. power tools) can be easily plugged in when needed. The standard light can be screw-mounted in a variety of positions, or the light can fitted with an optional magnet mount. The motion sensor was designed so it can be used in enclosures with glass doors and not be activated by movement outside the enclosure.
